

The background of the top section is a black and white photograph of a construction site. It features several cranes and a large building under construction that is completely encased in a complex network of metal scaffolding. The sky is overcast.

“PPSR Logic offers better, cost-effective time management and the convenience of having your data all in one place”

—AMY MCDADE, CREDIT CONTROLLER

About Doka

Doka Group is one of the world’s leading companies for developing, manufacturing and distributing modern system formwork technology. From initial planning through to reliable implementation, customers can build safer and more efficiently.

How Doka uses PPSR Logic

Doka supplies formwork and also hires monthly rentals to construction sites. Therefore, PPSR is a necessary part of doing business. They have had past problems with liquidations and company changes and began using CreditorWatch in order to monitor their customer database for setbacks. Doka decided to try CreditorWatch’s PPSR Logic. They were using the PPSR website but found that it was complicated and took too much time.

Due to their use of PPSR logic, Doka now saves about 20 minutes per application. They find that each registration takes less than one minute to complete. They were able to import their existing PPSR registrations into the portal and PPSR Logic’s reporting is able to flag which registrations are expiring soon. Amending registrations is a breeze and that option isn’t available through the PPSR website. Doka is particularly impressed with the user experience provided by PPSR Logic and the customer support provided by CreditorWatch’s PPSR In-house PPSR Specialist.

“

I’ve been using CreditorWatch for years now, so being able to use CreditorWatch with PPSR is fantastic. The user experience is fantastic and navigating PPS registrations is now a breeze.”

BENEFITS OF DOKA USING PPSR LOGIC:

- ✓ Saves time: 20-minutes per registration!
- ✓ Can complete a registration in under a minute
- ✓ Cost-effective
- ✓ Great user experience and easy to navigate
- ✓ Import all existing PPSR applications
- ✓ Invaluable reporting shows when registrations are about to expire
- ✓ Compliance and accuracy – identify missing information

CREDITORWATCH PRODUCTS USED:

- ✓ PPSR Logic
- ✓ CreditorWatch
- ✓ Monitoring and Alerts

“

Doka is saving so much time on PPS registrations. It's been exciting to see how quick and easy it is to lodge security interests.”

AMY MCDADE
Credit Controller

“Reporting is invaluable. We love being able to import existing registrations and easily identify which ones we need to renew soon.”

—AMY MCDADE, CREDIT CONTROLLER

About PPSR Logic:

CreditorWatch's PPSR Logic is an online platform that makes it easier to navigate PPSR registrations. It allows you to import existing registrations; amend, renew and discharge existing registrations; register new registrations with ease; upload bulk registrations and more! It's a time-saving, cost-effective way to manage PPSR with compliance and accuracy.

About CreditorWatch

CreditorWatch is a commercial credit reporting bureau with over 50,000 customers, from sole traders to ASX listed companies. CreditorWatch provides credit risk information on any entity in Australia and assists creditors by monitoring and sending alerts for risk indicators that may affect a debtor's repayment ability.
