

Save time and headaches with the user-friendly CreditorWatch PPSR portal

About Huon Aquaculture Group Limited

Huon Aquaculture has been farming top quality salmon in Tasmania's pristine waters for over 30 years. They are a proudly Australian family owned and operated and take pride in the fresh products they are able to offer the market.

How Huon Aquaculture uses PPSR

Huon Aquaculture Group Limited has been using CreditorWatch products and has reaped the benefits by minimising risk and improving their credit management processes. For their PPSR needs, they were registering through the government website. However, they found it slow and confusing. Some days, their Credit Manager Shirley Wells, enters five to ten registrations. Registering goods and security interests on the PPSR was becoming time consuming with little to no customer support.

Huon turned to CreditorWatch's PPSR portal and everything became much simpler. Shirley has found that Huon is saving a lot more time. In fact, she estimates that she is saving an hour per registration. The CreditorWatch PPSR portal is providing an easier user experience with better customer support.

“

I like that CreditorWatch's PPSR portal is easy to use and that I can always contact someone if I need support. It has saved me time and money and made life a lot easier.”

SHIRLEY WELLS
Credit Manager
